

LET'S TALK KINETICS!

Lunch
& Learn

WITH Dr. Kaspar Cottier, CTO & Founder of Creoptix

ON Tuesday, November 5th 11:00 am - 2:00 pm

AT The Helen Diller Auditorium, UCSF Mission Bay

PARKING Yes! 3rd Street garage or Rutter Center

WHAT IS THE WAVEsystem?

- Grating-coupled interferometry (GCI) meets robust microfluidics
- Higher signal, lower noise and faster transitions
- A step closer to a 1:1 model
- Kinetics like you've never seen before

REAL SAMPLES, REAL DATA

- From the weakest to the tightest binder
- Closer to real conditions: serum, plasma and more
- No smoothing, real binding kinetics
- **I can't believe is not buffer!**

REFRESHMENTS
AND FOOD WILL BE
PROVIDED
